26 June 2020

INDEX

- A [Term 3 Calendar](#)
- B [Relieving Principal's Address](#)
- C [Deputy Principals' Report](#)
- D [TAS – Making a Difference](#)
- E [Year 9 & 10 Food Technology Challenge](#)
- F [Year 7 & 8 Tech Mandatory Projects](#)
- G [Staff Contact Information](#)

A Few Reminders

- Full school uniform is expected – tights, leggings and track pants are not allowed to be worn at school. You can access information regarding our Uniform Policy on our School Website [here](#);
- Please ensure that you bring a refillable drink bottle as the school bubblers are out of action;
- The canteen is fully operational. You can find the full canteen menu on our School Website [here](#); and
- All buses are operating as normal.

Superhero Day – 29 June 2020

The SEC have chosen to support Bear Cottage by holding a Superhero Day on Monday, 29 June 2020.

A gold coin donation will allow students to dress up as their favourite superhero, or better yet, they can invent their own!

Students can also dress up in blue or red or with Bear accessories. Fully enclosed shoes must be worn (not slippers) and leather shoes for practical's.

Let's come together as a school community and support this wonderful charity!

Mrs D. Maloney

Deputy Principal (Years 7 & 8)

You will be notified of any changes.

Relieving Principal's Address

We are drawing to the end of what has been a term like no other any of us has experienced before. At the start of the term, we only had a small proportion on staff on-site and an even smaller proportion of students.

We have gone through the 'phased return' and quickly jumped to full time, on-site learning.

I think we probably underestimated how difficult this process of adjustment would be, but we have been able to get close to being back to normal operations.

I would like to thank everyone in the Kellyville community for your support of the school and I would also like to congratulate all staff on their efforts in dealing with these incredibly difficult and unforeseen challenges.

Additionally, thanks to the families who have been paying the voluntary contributions. We have discounted this heavily due to the disruptions we have experienced but, even still, we know that times have been tough so we really appreciate this support for the school.

Finally, I am able to inform you that the Executive Director has asked me to continue in this relieving role next term.

I am certainly happy to do so and look forward to working with all the students, families and staff in this wonderful school community.

Sincerely,

Mr Mark Burnard

Relieving Principal

Kellyville High School

Deputy Principals' Report – Notice regarding Electronic Cigarettes

What are electronic cigarettes?

Electronic cigarettes or e-cigarettes are battery operated devices that heat a liquid (also known as e-liquid) to produce a vapour that users inhale.¹ E-cigarettes are also called e-cigs, electronic nicotine delivery systems (ENDS), or alternative nicotine delivery systems (ANDS).

E-cigarettes may be shaped and coloured to make them look like cigarettes or other tobacco products like cigars, cigarillos, pipes, hookahs, shishas and sometimes they look like everyday items such as pens or USB memory sticks.

When using an e-cigarette, the user inhales and exhales the vapour from the heated e-liquid. E-liquid contains a range of chemicals and it may or may not contain nicotine.

Safety concerns about e-cigarettes

E-cigarettes are not risk free. They may expose users and bystanders to chemicals and toxins such as propylene glycol, glycerol or ethylene glycol that cause adverse health effects, and may increase the risk of developing cardiovascular, cancer and respiratory diseases. E-liquids or vapour may also contain potentially harmful chemicals which are not present in smoke from tobacco cigarettes.¹

E-cigarettes are often labelled incorrectly and may contain nicotine, even when they claim not to contain nicotine. E-cigarettes may contain high levels of nicotine, which may cause poisoning if swallowed.

Where is e-cigarette use banned under the smoke-free laws?

The *Smoke-free Environment Act 2000* prohibit people from using e-cigarettes in smoke-free areas. They can use e-cigarettes where smoking is not banned.

Smoke-free areas where people cannot smoke or use e-cigarettes are:

All schools

All indoor public places

Outdoor public places:

Within 10 metres of children's play equipment in outdoor public places

Public swimming pools

Spectator areas at sports grounds or other recreational areas used for organised sporting events

Public transport stops and platforms, including ferry wharves and taxi ranks

Within 4 metres of a pedestrian access point to a public building

Commercial outdoor dining areas

In a car with a child under 16 years of age in the vehicle.

Using e-cigarettes on public transport vehicles such as trains, buses, light rail, ferries is also banned under the *Passenger Transport (General) Regulation 2017*.

Mrs Denise Maloney (Years 7 & 8)

Mrs Jo Roberti (Years 9 & 11)

Mr Damian Wanstall (Years 10 & 12)

Making a Difference – The TAS Way

As an expression of gratitude for remaining safe and healthy during Covid-19, a few teachers decided to give back to the community this Winter.

The TAS teachers collectively accumulated food and Winter accessories for the less fortunate. The items were picked by *Carevan* to be distributed to the needy in our local community.

Andrew Scott from the *Carevan* team was thankful when receiving the packs.

He mentioned that these will be distributed to 80 people who are supported by *Carevan* on an ongoing basis.

The TAS team is very proud of this initiative.

Mathsonline Term 2

Title:	Mathsonline Term 2 2020	Group:	All students
Details:	The Mathematics Faculty at Kellyville High School offers membership to Mathsonline. It is an excellent online program that offers tutorials, questions, quizzes and feedback to students in Mathematics. If you would like your child to have access to Mathsonline until February 2021, the price is just \$15. This amount is payable to the office or online at any time during Term 2 2020.		
Cost:	\$15.00		

Please note that fees are charged pro-rata (\$5 per term of usage). If students pay for membership in Term 1, the price is \$20. If they pay in Term 2, the price is \$15 and so on.

Mrs T. Moy

Mathematics Faculty

Year 9 & 10 Food Technology Challenge

In our practical, Miss Gazzera gave us the challenge to create our own flavour and design concept to turn a normal vanilla cupcake into a unique, amazing cupcake.

Although this was a challenge, our class managed to present some eye catching and delicious cupcakes. During this challenge we learnt lots of skills, especially time management and team work.

Our class came up with some very unique flavours like chilli and they tasted amazing.

We were all very proud of our how they turned out and we can't wait for another challenge to tackle.

Sara H

Year 10 Food Technology

Year 9 Food Technology have also been busy!

Check out some of Year 9's Crazy Cupcake ideas!

Tech Mandatory Projects – Year 7 & 8 Photos

Our Year 7 & 8 students have been very busy over these last few weeks with their TM projects!

Students have been adding plants to the Ag Plot in TM!

Students have designed their very own Dragsters for in-class racing!

Students have been building miniature homes and designing their interiors!

More tiny houses from our Year 7 & 8 TM students!
