# Welcome to Year 7

---

This year will be a very important year for you as you are in Year 7. The Middle School is a key time to establish a positive attitude and effort towards assessment for learning.

The purpose of this booklet is to provide information and guidance to our community about Kellyville High School's assessment and homework requirements for Year 7 during 2021 to help you ***plan for assessment***.

It informs you of all the tasks, the due dates and weighting of each task and provides support structures to our community to achieve their best aligned with our school values of **Learning, Excellence and Integrity**.

We hope that students and parents will take the time to read through this information together in order to help them understand the school's expectations regarding assessment and assist in organising the time for them to complete necessary homework and assessment tasks successfully.

## HOW CAN PARENTS/CAREGIVERS HELP?

- Take an active interest in your child's homework and assessment tasks.
- Support your child in setting aside time each day for their study.
- Provide a dedicated place for homework and study if possible.
- Assist teachers to monitor homework by signing completed work if requested, and be aware of the amount of homework set.
- Communicate with teachers any concerns about the nature of tasks or your child's approach to homework and assessment tasks.
- Encourage your children to read and take an interest in current events.
- Alert the school, as early as possible, to any circumstances which may need to be taken into consideration when homework and assessment tasks are being set or marked.
- If you have any questions about the information contained in this booklet, please contact the Head Teacher of the relevant faculty.

Remember to put all the tasks that you have due on a calendar so you do not forget when one is due.

Remember good grades do not just happen; they happen because of hard work and dedication.

Good luck!

Mr T. O'Brien  
***Principal***

## 1. HOMEWORK

### WHAT ARE HOMEWORK TASKS?

Homework is school work that you complete at home. It bridges the gap between learning at school and learning at home and reinforces work completed during class time.

Homework is also reported on your semester academic reports as a component of the 'Commitment to Learning' using the scale:

Consistently

Sometimes

Rarely

### WHY IS HOMEWORK IMPORTANT?

Homework is a very important part of learning because:

- It helps to establish the habits of study, commitment and self-discipline. These are important for success as you move through the middle school.
- Homework helps you to identify gaps in your learning.
- You can learn to work independently and develop concentration and organisational skills. These skills are highly valued by employers.
- It helps develop skills such as research and time management.
- It provides challenges and stimulus to gifted and talented children.
- Homework is like training for sport: the more you train the better you become.

## 2. ASSESSMENT TASKS

### WHY ARE THEY SO IMPORTANT?

Assessment is the opportunity to show **what you know** and **what you can do**.

Your assessment tasks will help to diagnose your strengths and weaknesses so that teachers can focus their teaching on what you need to learn to be successful at school. You will also find out about areas to concentrate on to improve. They are designed to measure how well students have achieved the outcomes of a particular course. The outcomes will then be reported on in each of your semester reports using the Levels of Achievement scale.

### HOW WILL STUDENTS' BE ASSESSED?

There are assessment tasks in each subject that are mentioned in the following **Assessment Schedules**.

The assessment tasks that you will complete could be:

- formal examinations
- unit tests
- field studies
- creative works
- in class assessment task
- excursion reports
- project based tasks
- research/essays

All assessment tasks contribute towards your final grade and achievement level in each subject you study. The results of this work will be shown in your Semester Reports.

**Each assessment task will include:**

- a description of the task requirements and the course outcomes being assessed
- the weighting of the task and how the task will be marked.

This helps students to understand the expected standards.

## WHAT DOES GREAT WORK LOOK LIKE?

	Levels of Achievement
<b>Outstanding</b>	The student has an <b>extensive</b> knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a high level of competence in the processes and skills of the course and can apply these skills to new situations.
<b>High</b>	The student has a <b>thorough</b> knowledge and understanding of the content and competence in the processes and skills of the course. In addition, the student is able to apply this knowledge and these skills to most new situations.
<b>Sound</b>	The student has a <b>sound</b> knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills of the course.
<b>Basic</b>	The student has a <b>basic</b> knowledge and understanding of the content and has achieved a basic level of competence in the processes and skills of the course.
<b>Limited</b>	The student has an <b>elementary</b> knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills of the course.

## 3. TIME MANAGEMENT

### WHEN IS IT BEST TO COMPLETE TASKS?

- **START STRAIGHT AWAY!** – as soon as you receive a task, you should break it down into small manageable parts.
- Put a reminder into an electronic organiser or diary.
- The best time to do your homework is soon after you arrive home from school (snack first!).
- Sitting down to complete assessment tasks doesn't just happen...you have to **PLAN** your time.
- Ask your parents or teachers **EARLY** for help if you experience difficulty understanding the tasks required.

### WHAT IS STUDY?

Study is revising class work to keep it fresh for completing summative assessment tasks. You are expected to use your own initiative and time management skills to plan ahead for this. Use the information that is provided in this booklet and your calendar to plan time to complete additional study.

### PLEASE REMEMBER

**You are required to complete class work, homework and assessment tasks.**

**Use a calendar frequently to record when ALL tasks are due.**

**You may wish to use your phone to give you reminders at regular intervals.**

## 4. SCHOOL ASSESSMENT POLICY

### SCHOOL RESPONSIBILITIES

The school is responsible for:

- Setting relevant, high quality tasks to measure student performance in each subject.
- Providing the criteria which will be used to assess the task.
- Providing the outcomes which will be assessed in the task.
- Adhering to the published assessment task schedule and specifying the mark value for each task.
- Using the school **BLUE** assessment task **COVER SHEET** for the publication of tasks and ensuring consistency in presentation of information across all subjects.
- Maintaining a record of each student's performance on each task and reporting on it.
- Providing students with information on their progress.

#### PLEASE NOTE:

*The School reserves the right to make any changes considered necessary after this handbook has been issued. The changes will be advised in writing two weeks prior to the due date of the assessment task affected.*

### STUDENT RESPONSIBILITIES

To complete the assessment task **STUDENTS' will need to:**

- Carefully read the assessment task issued.
- Plan and mark the due dates for the tasks in your calendar/diary and the calendar in this book.
- When you have missed a lesson, it is your responsibility to check with your class teacher or peers to see if any relevant information about an assessment task has been provided and arrange to catch up.
- Break the task into small manageable parts and complete it gradually.
- Organise any notes, materials and resources that you are using.
- Complete any research and keep a list of resources used (*bibliography*)

**Always keep an electronic backup on your computer hard drive, email or school network.**
- Complete the feedback/evaluation sheet on your performance on the task.
- Keep a record of your submission of the task and keep a record of your results.
- Be aware of where to submit any take home tasks to the teacher **before 8.30am on the due date.**

## FREQUENTLY ASKED QUESTIONS (FAQs)

**Failure to follow these instructions may lead to a ZERO mark for an assessment task.**

### A. COMPLETION OF ASSESSMENT TASKS

Your class teacher will keep records of the assessment task being submitted by the class.

When you have missed a lesson, it is your responsibility to check with your class teacher or peers to see if any relevant information about an assessment task has been provided and arrange to catch up the work.

An assessment task *Receipt Sheet* will be signed by each student at the time an assessment is handed out.

In a formal examination, students will complete an examination attendance slip for each subject.

## B. LATENESS and ABSENCE

Assessment tasks in the form of a take home task are to be submitted directly to the teacher **before 8.30am**. In the case of unavoidable absence when a task is due to be handed in, the student should try to ensure that the task is received by the teacher that day. This may mean a friend or relative bringing it to the school. If this not possible, then a medical certificate, funeral notice or other appropriate documentation must accompany the assessment task, and must be handed in to the **Deputy Principal** within **TWO DAYS** of the student returning to school. Bring in your drafts as evidence of attempting the task.

If you know that you will be LATE or ABSENT with valid reason eg) A funeral, approved school activity or urgent medical attention, you will need to explain the circumstances in a note, **before** the absence, to the **Deputy Principal** and negotiate a new due date, alternate task or estimate with the relevant **Head Teacher**.

- Unexplained absences are unacceptable because it has the potential to advantage you over your peers.
- Requests for extension must be made to the HEAD TEACHER **prior to the due date of the assessment task**.
- Students who hand in/complete assessment tasks AFTER THE DUE DATE *without the appropriate documentation will be awarded a ZERO mark*.

**Note:** Late tasks will still be checked by the teacher so that you can benefit from the teacher's feedback.

## C. MALPRACTICE

Malpractice is any activity undertaken by a student that allows them to gain an unfair advantage over others.

**Malpractice includes, but is not limited to:**

- Copying someone else's work in part or in whole, and presenting it as your own;
- Using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement;
- Using material directly from books, journals, CDs or the internet or any other source without reference to the source; Building on the ideas of another person without referring to the source;
- Damaging another student's work;
- Submitting work which another person such as a parent, tutor, subject expert or a sibling has contributed substantially; Buying, stealing or borrowing another's work and presenting it as your own;
- Breaking published school examination rules; Using non-approved aides during an assessment task;
- Providing false explanations for work not handed in by the due date;
- Assisting another student to engage in malpractice.

The HEAD TEACHER, in consultation with the classroom teacher, will establish that malpractice has occurred. Students found to have committed any form of malpractice will be awarded a ZERO mark.

If a student can produce conclusive evidence that malpractice has not occurred, an appeal may be lodged with the DEPUTY PRINCIPAL in writing. An interview with the student will follow and the decision made will be final. If it is found that malpractice has occurred, no substitute task will be given.

## D. TECHNOLOGY FAILURE

Computer or printer failure or malfunction cannot be taken as an acceptable reason for failure to submit an assessment task on time. It is the student's responsibility to save his/her work frequently and back it up to both hard drive and disk regularly.

If technology failure occurs, the student must submit their last printed hard copy as evidence of completed work. If the assignment is to be submitted on disk, the last saved copy is to be submitted. If students have portable storage devices they can bring it to school and print in the library on the due date. Students could also email themselves a copy of the task to present as evidence to the classroom teacher.

## E. REVIEW / APPEAL

***All questions about marks or grades must be resolved at the time a task is handed back.***

Students may ask for a review of their assessments if they feel that special circumstances have interfered with their performance, not covered by the rules above. This request for review must be submitted in writing to the Deputy Principal, who will consult with the Head Teacher and Year Adviser. Documentary evidence is required.

## F. DISABILITY PROVISIONS

In Year 7 – 11 the Principal, on advice from the Learning Support Team, provides for suitable disability provisions (eg additional time, separate supervision or even a reader and/or writer). Extensive medical evidence is required for such provisions. Disability provision forms can be obtained from your Year Adviser, Head Teacher Welfare or Deputy Principal and must be returned to the Head Teacher Teaching and Learning, Mrs Graham, for consideration by the Learning Support Team at the next meeting.

## 5. ASSESSMENT SCHEDULES

The assessment schedules included in this booklet indicate the major components in each course. The outcomes relate directly to the task and will be measured using the marking criteria. Use the marking criteria as a guide to get you the best results. It is recommended that you go through your schedules and draw up a calendar in your diary, listing due dates to assist you with planning your time. Dates are generally indicated as weeks only, so that a suitable lesson within the week may be allocated for all classes.

***Dates may change due to unforeseen circumstances.***

***In this instance, as much notice as possible will be given of the new date.***

The Assessment Policy rules about lateness will be applied to all of these tasks.

Courses offered follow in alphabetical order.

### **Notes:**

1. Many of the tasks listed are some form of project or assignment which students will have an extended period to complete. The due date is a ***final due date***.
2. Many practical subjects base their assessment largely on the completion of practical projects and the submission of portfolios. This means that most of the work is completed in class but the final product is assessed on completion.
3. Ongoing observation also contributes to final assessment marks in many areas. No set date can be attached to this form of assessment.
4. Topic tests in addition to those listed may be administered in some subjects to assist in formative assessment - the acquisition of specific knowledge and readiness of the class to move on to a new topic.
